Dear Registrar,

APPEAL
QCAT PROCEEDINGS APL305-23
Gordon James Craven -v- Saurav Kataria & Ors

Please note that I (the Appellant) am to apply for leave to file “Additional Evidence” for the Appeal, as allowed for by the Directions for the Appeal, made by Member Member on 26 September 2023.

The Additional Evidence is regarding new issues that became apparent at the hearing (being appealed) on 29 August 2023, which took the then Applicants by surprise.

Those new issues are predominantly regarding :

1. Appeal Grounds 1, 2, 3, 4, and my submissions to those grounds that have been filed.
2. A letter by the First Respondents dated 21 November 2023, emailed to the Registry and copied to myself by [REDACTED] on 24 November 2023, regarding a perceived authority to stand in the place of, or represent the First Respondents, instead of the First Respondent’s having applied for leave to do so, as required by the section 43 of the QCAT Act.

As there is a substantial amount of Additional Evidence to collate, I expect that the Additional Evidence will be in a form similar to an Appeal Book.

I expect to file and serve the Application within 14 days of today.

Yours faithfully

Gordon Craven - Appellant

C.C: First Respondents: saurav.kataria@airservicesaustralia.com
AND [REDACTED] - purportedly for the First Respondents.

[REDACTED]
